

JC60/XXMM (MEGA MAXOGEN)

The Mega Maxogen filters are a new addition to the ITG product range. These JC60 filters are built onto our larger 180mm diameter aluminium spinning and also use a reinforced internal plastic cage. These are designed for high power applications where the space is available.

Part Number	A	B	C	D	E	F	G
	Neck ID	Neck OD	Spinning Diameter	Spinning Height	Foam Height	Total Height	Top Diameter
JC60/80MM	80	83	180	55	290	345	114
JC60/86MM	86	89	180	53	290	343	114
JC60/93MM	93	96	180	50	290	340	114
JC60/99MM	99	102	180	50	290	340	114
JC60/114MM	114	117	180	45	290	335	114
JC60/124MM	124	127	180	40	290	330	114
